Malaysia BIM DAY 2026

Putrajaya Digital Built BIM Beyond Design

Malaysia BIM DAY 2026: Putrajaya Digital Built 2026 is a leading forum and exhibition advancing digital transformation in the built environment. It aligns with Malaysia's MADANI vision, the national AI-driven economy agenda, and smart city development.

Malaysia BIM DAY 2026 is organized by **CIDB Malaysia** and **Perbadanan Putrajaya**, with support from the **Ministry of Works Malaysia (KKR)**. This collaboration shows their shared commitment to advancing digitalization in the national construction industry.

Building on the momentum of **KL BIMDAY 2023**, PDB 2026 reinforces Malaysia's commitment to accelerating digital adoption in the construction and built environment sectors.

The conference highlights how **Building Information Modeling (BIM), Artificial Intelligence, Digital Twin, and data-driven lifecycle delivery** enhance project management, productivity, cost certainty, sustainability, and asset performance.

Malaysia BIM DAY 2026 provides a strategic platform that connects policy, industry practice, and innovation to support smarter project delivery, smart city development, and a resilient, future-ready construction sector.
